TYPES OF PROVIDERS

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED. THE MEANINGS OF WORDS AND PHRASES IN ITALICS ARE DESCRIBED IN THE SECTION OF THIS BENEFIT BOOKLET ENTITLED DEFINITIONS.

Participating Providers. There are two kinds of *participating providers* in this *plan*:

- **PPO Providers** are providers who participate in a Blue Cross and/or Blue Shield Plan. PPO Providers have agreed to a rate they will accept as reimbursement for covered services that is generally lower than the rate charged by Traditional Providers. *Participating providers* have agreed to a rate they will accept as reimbursement for covered services.
- **Traditional Providers** are providers who might not participate in a Blue Cross and/or Blue Shield Plan, but have agreed to a rate they will accept as reimbursement for covered services for PPO members.

The level of benefits paid under this *plan* is determined as follows:

- If your *plan* identification card (ID card) shows a PPO suitcase logo and:
 - You go to a PPO Provider, you will get the higher level of benefits of this *plan*.
 - You go to a Traditional Provider because there are no PPO Providers in your area, you will get the higher level of benefits of this *plan*.
- If your ID card does NOT have a PPO suitcase logo, you must go to a Traditional Provider to get the higher level of benefits of this *plan*.

If you need details about a provider's license or training, or help choosing a *physician* who is right for you, call the Member Services number on the back of your ID card

How to Access Primary and Specialty Care Services

Your health plan covers care provided by primary care *physicians* and specialty care providers. To see a primary care *physician*, simply visit any *participating provider physician* who is a general or family practitioner, internist or pediatrician. Your health plan also covers care provided by any *participating provider* specialty care provider you choose (certain providers' services are covered only upon referral of an M.D.

(medical doctor) or D.O. (doctor of osteopathy), see “Physician,” below). Referrals are never needed to visit any *participating provider* specialty care provider including a behavioral health care provider.

- To make an appointment call your *physician’s* office:
- Tell them you are a PPO Plan *member*.
- Have your Member ID card handy. They may ask you for your group number, member I.D. number, or office visit copay.
- Tell them the reason for your visit.

When you go for your appointment, bring your Member ID card.

After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. Call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays. This includes information about how to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening, but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Please call the toll-free BlueCard Provider Access number on your ID card to find a *participating provider* in your area. A directory of PPO Providers is available upon request.

Certain categories of providers defined in this *benefit booklet* as *participating providers* may not be available in the Blue Cross and/or Blue Shield Plan in the service area where you receive services. See “Co-Payments” in the SUMMARY OF BENEFITS section and “Maximum Allowed Amount” in the YOUR MEDICAL BENEFITS section for additional information on how health care services you obtain from such providers are covered.

Non-Participating Providers. *Non-participating providers* are providers which have not agreed to participate in a Blue Cross and/or Blue Shield Plan. They have not agreed to the reimbursement rates and other provisions.

The *claims administrator* has processes to review claims before and after payment to detect fraud, waste, abuse and other inappropriate activity. *Members* seeking services from *non-participating providers* could be balance billed by the *non-participating provider* for those services that are determined to be not payable as a result of these review processes and meets the criteria set forth in any applicable state regulations adopted pursuant to state law. A claim may also be determined to be not payable due to a provider's failure to submit medical records with the claims that are under review in these processes.

Physicians. "Physician" means more than an M.D. Certain other practitioners are included in this term as it is used throughout the *plan*. This doesn't mean they can provide every service that a medical doctor could; it just means that the *plan* will cover expense you incur from them when they're practicing within their specialty the same as if the care were provided by a medical doctor.

Other Health Care Providers. *Other health care providers* are neither *physicians* nor *hospitals*. See the definition of "Other Health Care Providers" in the DEFINITIONS section for a complete list of those providers. *Other health care providers* are not *participating providers*.

Reproductive Health Care Services. Some *hospitals* and other providers do not provide one or more of the following services that may be covered under your *plan* and that you or your family member might need: family planning; contraceptive services, including emergency contraception; sterilization, including tubal ligation at the time of labor and delivery; infertility treatments; or abortion. You should obtain more information before you enroll. Call your prospective *physician* or clinic, or call the Member Services telephone number listed on your ID card to ensure that you can obtain the health care services that you need.

Centers of Medical Excellence and Blue Distinction Centers. The *claims administrator* is providing access to *Centers of Medical Excellence* (CME) networks and *Blue Distinction Centers for Specialty Care* (BDCSC). The facilities included in each of these networks are selected to provide the following specified medical services:

- **Transplant Facilities.** Transplant facilities have been organized to provide services for the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Subject to any applicable co-payments or deductibles, *CME* and *BDCSC* have agreed to a rate they will accept as payment in full for covered services. **These procedures are covered only when performed at a *CME* or *BDCSC*.**
- **Bariatric Facilities.** Hospital facilities have been organized to provide services for bariatric surgical procedures, such as gastric bypass and other surgical procedures for weight loss programs. **These procedures are covered only when performed at a *BDCSC*.**

Care Outside the United States—BlueCross BlueShield Global Core

Prior to travel outside the United States, call the Member Services telephone number listed on your ID card to find out if your plan has BlueCross BlueShield Global Core benefits. Your coverage outside the United States is limited and it is recommend:

- Before you leave home, call the Member Services number on your ID card for coverage details. **You have coverage for services and supplies furnished in connection only with urgent care or an emergency when travelling outside the United States.**
- Always carry your current ID card.
- In an emergency, seek medical treatment immediately.

Payment Information

- **Participating BlueCross BlueShield Global Core hospitals.** In most cases, you should not have to pay upfront for inpatient care at participating BlueCross BlueShield Global Core *hospitals* except for the out-of-pocket costs you normally pay (non-covered services, deductible, copays, and coinsurance). The *hospital* should submit your claim on your behalf.
- **Doctors and/or non-participating hospitals.** You will have to pay upfront for outpatient services, care received from a *physician*, and inpatient care from a *hospital* that is not a participating BlueCross BlueShield Global Core *hospital*. Then you can complete a BlueCross BlueShield Global Core claim form and send it with the original bill(s) to the BlueCross BlueShield Global Core Service Center (the address is on the form).

Claim Filing

- **Participating BlueCross BlueShield Global Core hospitals will file your claim on your behalf.** You will have to pay the *hospital* for the out-of-pocket costs you normally pay.
- **You must file the claim** for outpatient and *physician* care, or inpatient *hospital* care not provided by a participating BlueCross BlueShield Global Core *hospital*. You will need to pay the health care provider and subsequently send an international claim form with the original bills to the *claims administrator*.

Additional Information About BlueCross BlueShield Global Core Claims.

- You are responsible, at your expense, for obtaining an English-language translation of foreign country provider claims and medical records.

- Exchange rates are determined as follows:
 - For inpatient *hospital* care, the rate is based on the date of admission.
 - For outpatient and professional services, the rate is based on the date the service is provided.

Claim Forms

- International claim forms are available from the *claims administrator*, from the BlueCross BlueShield Global Core Service Center, or online at:

www.bcbsglobalcore.com

The address for submitting claims is on the form.

SUMMARY OF BENEFITS

YOUR EMPLOYER HAS AGREED TO BE SUBJECT TO THE TERMS AND CONDITIONS OF ANTHEM'S PROVIDER AGREEMENTS WHICH MAY INCLUDE PRE-SERVICE REVIEW AND UTILIZATION MANAGEMENT REQUIREMENTS, COORDINATION OF BENEFITS, TIMELY FILING LIMITS, AND OTHER REQUIREMENTS TO ADMINISTER THE BENEFITS UNDER THIS PLAN.

THE BENEFITS OF THIS PLAN ARE PROVIDED ONLY FOR SERVICES WHICH ARE CONSIDERED TO BE MEDICALLY NECESSARY. THE FACT THAT A PHYSICIAN PRESCRIBES OR ORDERS THE SERVICE DOES NOT, IN ITSELF, MAKE IT MEDICALLY NECESSARY OR COVERED.

This summary provides a brief outline of your benefits. You need to refer to the entire *benefit booklet* for complete information about the benefits, conditions, limitations and exclusions of your *plan*.

Second Opinions. If you have a question about your condition or about a plan of treatment which your *physician* has recommended, you may receive a second medical opinion from another *physician*. This second opinion visit will be provided according to the benefits, limitations, and exclusions of this *plan*. If you wish to receive a second medical opinion, remember that greater benefits are provided when you choose a *participating provider*. You may also ask your *physician* to refer you to a *participating provider* to receive a second opinion.

After Hours Care. After hours care is provided by your *physician* who may have a variety of ways of addressing your needs. You should call your *physician* for instructions on how to receive medical care after their normal business hours, on weekends and holidays, or to receive non-emergency care and non-urgent care within the service area for a condition that is not life threatening but that requires prompt medical attention. If you have an *emergency*, call 911 or go to the nearest emergency room.

Telehealth. This *plan* provides benefits for covered services that are appropriately provided through telehealth, subject to the terms and conditions of the *plan*. In-person contact between a health care provider and the patient is not required for these services, and the type of setting where these services are provided is not limited. "Telehealth" is the means of providing health care services using information and communication technologies in the consultation, diagnosis, treatment, education, and management of the patient's health care when the patient is located at a distance from the health care provider. Telehealth does not include consultations between the patient and the health care

provider, or between health care providers, by telephone, facsimile machine, or electronic mail.

All benefits are subject to coordination with benefits under certain other plans.

The benefits of this *plan* may be subject to the SUBROGATION AND REIMBURSEMENT section.

MEDICAL DEDUCTIBLE

Calendar Year Deductible. Under this *plan* there is a Calendar Year Deductible that must be satisfied in each *calendar year* before the *plan* begins to pay medical or *prescription drug* benefits.

Subscriber. If only the *subscriber* is covered under this plan, each *year* such *subscriber* will be responsible for satisfying the Member Deductible before benefits for medical or *prescription drug* are paid.

Dependents. If the *subscriber* and one or more members of the *subscriber's* family are enrolled under this *plan*, the members of the enrolled family must satisfy the Family Deductible. Once the Family Deductible is satisfied, no further Calendar Year Deductible expense will be required for any enrolled member of that family.

Prior Plan Calendar Year Deductibles. If you were covered under the *prior plan* any amount paid during the same calendar year toward your calendar year deductible under the *prior plan*, will be applied toward your Calendar Year Deductible under this *plan*; provided that, such payments were for charges that would be covered expense under this *plan*.

MEDICAL OUT-OF-POCKET AMOUNTS

Satisfaction of the Out-of-Pocket Amount*. If, after you have met your Calendar Year Deductible, you pay Co-Payments equal to your Out-of-Pocket Amount per *member* during a *calendar year*, you will no longer be required to make Co-Payments for any covered services or supplies during the remainder of that *year*.

Family Maximum Out-of-Pocket Amount*. When the *subscriber* and one or more members of the subscriber's family are insured under this *plan*, if members of an insured family satisfy the Family Out-of-Pocket Amount during a *calendar year*, no further Out-of-Pocket Amount will be required for any insured member of that family for expenses incurred during that *year*.

Note: Any expense applied to any deductible and any co-payments for prescription drugs (provided under your drug plan) will apply toward the satisfaction of the Out-of-Pocket Amount.

Charges Which Do Not Apply Toward the Out-of-Pocket Amount. Charges for services or supplies not covered under this plan and charges which exceed the *maximum allowed amount* will not be applied toward satisfaction of an Out-of-Pocket Amount.

YOUR MEDICAL BENEFITS

MAXIMUM ALLOWED AMOUNT

General

This section describes the term “*maximum allowed amount*” as used in this *benefit booklet*, and what the term means to you when obtaining covered services under this plan. The *maximum allowed amount* is the total reimbursement payable under your plan for covered services you receive from *participating* and *non-participating providers*. It is the *plan’s* payment towards the services billed by your provider combined with any Deductible or Co-Payment owed by you. In some cases, you may be required to pay the entire *maximum allowed amount*. For instance, if you have not met your Deductible under this plan, then you could be responsible for paying the entire *maximum allowed amount* for covered services. In addition, if these services are received from a *non-participating provider*, you may be billed by the provider for the difference between their charges and the *maximum allowed amount*. In many situations, this difference could be significant.

Below are two examples that illustrate how the *maximum allowed amount* works. These examples are for illustration purposes only.

Example: The plan has a *member* Co-Payment of 30% for *participating provider* services after the Deductible has been met.

- The *member* receives services from a *participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *participating* surgeon is used is 30% of \$1,000, or \$300. This is what the *member* pays. The *plan* pays 70% of \$1,000, or \$700. The *participating* surgeon accepts the total of \$1,000 as reimbursement for the surgery regardless of the charges.

Example: The plan has a *member* Co-Payment of 50% for *non-participating provider* services after the Deductible has been met.

- The *member* receives services from a *non-participating* surgeon. The charge is \$2,000. The *maximum allowed amount* under the plan for the surgery is \$1,000. The *member’s* Co-Payment responsibility when a *non-participating* surgeon is used is 50% of \$1,000, or \$500. The *plan* pays the remaining 50% of \$1,000, or \$500. In addition, the *non-participating* surgeon could bill the *member* the difference between \$2,000 and \$1,000. So the *member’s* total out-of-pocket charge would be \$500 plus an additional \$1,000, for a total of \$1,500.

When you receive covered services, the *claims administrator* will, to the extent applicable, apply claim processing rules to the claim submitted.

The *claims administrator* uses these rules to evaluate the claim information and determine the accuracy and appropriateness of the procedure and diagnosis codes included in the submitted claim. Applying these rules may affect the *maximum allowed amount* if the *claims administrator* determines that the procedure and/or diagnosis codes used were inconsistent with procedure coding rules and/or reimbursement policies. For example, if your provider submits a claim using several procedure codes when there is a single procedure code that includes all of the procedures that were performed, the *maximum allowed amount* will be based on the single procedure code.

Provider Network Status

The *maximum allowed amount* may vary depending upon whether the provider is a *participating provider*, a *non-participating provider* or *other health care provider*.

Participating Providers. For covered services performed by a *participating provider* the *maximum allowed amount* for this *plan* will be the rate the *participating provider* has agreed with the *claims administrator* to accept as reimbursement for the covered services. Because *participating providers* have agreed to accept the *maximum allowed amount* as payment in full for those covered services, they should not send you a bill or collect for amounts above the *maximum allowed amount*. However, you may receive a bill or be asked to pay all or a portion of the *maximum allowed amount* to the extent you have not met your Deductible or have a Co-Payment. Please call the Member Services telephone number on your ID card for help in finding a *participating provider* or visit www.anthem.com/ca.

If you go to a *hospital* which is a *participating provider*, you should not assume all providers in that *hospital* are also *participating providers*. To receive the greater benefits afforded when covered services are provided by a *participating provider*, you should request that all your provider services (such as services by an anesthesiologist) be performed by *participating providers* whenever you enter a *hospital*.

If you are planning to have outpatient surgery, you should first find out if the facility where the surgery is to be performed is an *ambulatory surgical center*. An *ambulatory surgical center* is licensed as a separate facility even though it may be located on the same grounds as a *hospital* (although this is not always the case). If the center is licensed separately, you should find out if the facility is a *participating provider* before undergoing the surgery.

Note: If an *other health care provider* is participating in a Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *participating provider* for the purposes of determining the *maximum allowed amount*.

If a provider defined in this *benefit booklet* as a *participating provider* is of a type not represented in the local Blue Cross and/or Blue Shield Plan at the time you receive services, such provider will be considered a *non-participating provider* for the purposes of determining the *maximum allowed amount*.

Non-Participating Providers and Other Health Care Providers.*

Providers who are not in the Prudent Buyer network are *non-participating providers* or *other health care providers*, subject to Blue Cross Blue Shield Association rules governing claims filed by certain ancillary providers. For covered services you receive from a *non-participating provider* or *other health care provider*, the *maximum allowed amount* will be based on the *claims administrator's* applicable *non-participating provider* rate or fee schedule for this plan, an amount negotiated by the *claims administrator* or a third party vendor which has been agreed to by the *non-participating provider*, an amount derived from the total charges billed by the *non-participating provider*, or an amount based on information provided by a third party vendor, or an amount based on reimbursement or cost information from the Centers for Medicare and Medicaid Services ("CMS"). When basing the *maximum allowed amount* upon the level or method of reimbursement used by CMS, the *claims administrator* will update such information, which is unadjusted for geographic locality, no less than annually.

Providers who are not contracted for this product, but are contracted for other products, are also considered *non-participating providers*. For this *plan*, the *maximum allowed amount* for services from these providers will be one of the methods shown above unless the provider's contract specifies a different amount.

For covered services rendered outside the Anthem Blue Cross service area by *non-participating providers*, claims may be priced using the local Blue Cross Blue Shield plan's *non-participating provider* fee schedule / rate or the pricing arrangements required by applicable state or federal law. In certain situations, the *maximum allowed amount* for out of area claims may be based on billed charges, the pricing used if the healthcare services had been obtained within the Anthem Blue Cross service area, or a special negotiated price.

Unlike *participating providers*, *non-participating providers* and *other health care providers* may send you a bill and collect for the amount of the *non-participating provider's* or *other health care provider's* charge that exceeds the *maximum allowed amount* under this *plan*. You may be responsible for paying the difference between the *maximum allowed amount* and the amount the *non-participating provider* or *other health care provider* charges. This amount can be significant. Choosing a *participating provider* will likely result in lower out of pocket costs to you. Please call the Member Services number on your ID card for help in finding a *participating provider* or visit the *claims administrator's* website at www.anthem.com/ca. Member Services is also available to assist you in determining this *plan's maximum allowed amount* for a particular covered service from a *non-participating provider* or *other health care provider*.

Please see the "Inter-Plan Arrangements" provision in the section entitled GENERAL PROVISIONS for additional information.

***Exceptions:**

- **Clinical Trials.** The *maximum allowed amount* for services and supplies provided in connection with Clinical Trials will be the lesser of the billed charge or the amount that ordinarily applies when services are provided by a *participating provider*.
- **If Medicare is the primary payor, the *maximum allowed amount* does not include any charge:**
 1. By a *hospital*, in excess of the approved amount as determined by Medicare; or
 2. By a *physician* who is a *participating provider* who accepts Medicare assignment, in excess of the approved amount as determined by Medicare; or
 3. By a *physician* who is a *non-participating provider* or *other health care provider* who accepts Medicare assignment, in excess of the lesser of *maximum allowed amount* stated above, or the approved amount as determined by Medicare; or
 4. By a *physician* or *other health care provider* who does not accept Medicare assignment, in excess of the lesser of the *maximum allowed amount* stated above, or the limiting charge as determined by Medicare.

You will always be responsible for expense incurred which is not covered under this *plan*.

COST SHARE

For certain covered services, and depending on your plan design, you may be required to pay all or a part of the *maximum allowed amount* as your cost share amount (Deductibles or Co-Payments). Your cost share amount and the Out-Of-Pocket Amounts may be different depending on whether you received covered services from a *participating provider* or *non-participating provider*. Specifically, you may be required to pay higher cost-sharing amounts or may have limits on your benefits when using *non-participating providers*. Please see the SUMMARY OF BENEFITS section for your cost share responsibilities and limitations, or call the Member Services telephone number on your ID card to learn how this *plan's* benefits or cost share amount may vary by the type of provider you use.

The *plan* will not provide any reimbursement for non-covered services. You may be responsible for the total amount billed by your provider for non-covered services, regardless of whether such services are performed by a *participating provider* or *non-participating provider*. Non-covered services include services specifically excluded from coverage by the terms of your plan and services received after benefits have been exhausted. Benefits may be exhausted by exceeding, for example, Medical Benefit Maximums or day/visit limits.

In some instances you may only be asked to pay the lower *participating provider* cost share percentage when you use a *non-participating provider*. For example, if you go to a *participating* hospital or facility and receive covered services from a *non-participating provider* such as a radiologist, anesthesiologist or pathologist providing services at the hospital or facility, you will pay the *participating provider* cost share percentage of the *maximum allowed amount* for those covered services. However, you also may be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge.

AUTHORIZED REFERRALS

In some circumstances the *claims administrator* may authorize *participating provider* cost share amounts (Deductibles or Co-Payments) to apply to a claim for a covered service you receive from a *non-participating provider*. In such circumstance, you or your *physician* must contact the *claims administrator* in advance of obtaining the covered service. It is your responsibility to ensure that the *claims administrator* has been contacted. If the *claims administrator* authorizes a *participating provider* cost share amount to apply to a covered service received from a *non-participating provider*, you also may still be liable for the difference between the *maximum allowed amount* and the *non-participating provider's* charge. If you receive prior authorization for a *non-participating provider* due to network adequacy issues, you will not be responsible for the difference between the *non-participating provider's* charge and the *maximum allowed amount*. Please call the Member

Services telephone number on your ID card for *authorized referral* information or to request authorization.

CO-PAYMENTS AND MEDICAL BENEFIT MAXIMUMS

After you satisfy your Medical Deductible, your Co-Payment will be subtracted and benefits will be paid up to the *maximum allowed amount*, not to exceed any applicable Medical Benefit Maximum. The Co-Payments and Medical Benefit Maximums are set forth in the SUMMARY OF BENEFITS.

CO-PAYMENTS

After you have satisfied any applicable deductible, your Co-Payment will be subtracted from the *maximum allowed amount* remaining.

If your Co-Payment is a percentage, the applicable percentage will be applied to the *maximum allowed amount* remaining after any deductible has been met. This will determine the dollar amount of your Co-Payment.

MEDICAL BENEFIT MAXIMUMS

The *plan* does not make benefit payments for any *member* in excess of any of the Medical Benefit Maximums.

Prior Plan Maximum Benefits. If you were covered under the *prior plan*, any benefits paid to you under the *prior plan* will reduce any maximum amounts you are eligible for under this *plan* which apply to the same benefit.

CREDITING PRIOR PLAN COVERAGE

If you were covered by the *plan administrator's prior plan* immediately before the *plan administrator* signs up with the *claims administrator*, with no lapse in coverage, then you will get credit for any accrued Calendar Year Deductible and, if applicable and approved by the *claims administrator*, Out of Pocket Amounts under the *prior plan*. This does not apply to individuals who were not covered by the *prior plan* on the day before the *plan administrator's* coverage with the *claims administrator* began, or who join the *plan administrator* later.

If the *plan administrator* moves from one of the *claims administrator's* plans to another, (for example, changes its coverage from HMO to PPO), and you were covered by the other product immediately before enrolling in this product with no break in coverage, then you may get credit for any accrued Calendar Year Deductible and Out of Pocket Amounts, if applicable and approved by the *claims administrator*. Any maximums, when applicable, will be carried over and charged against the Medical Benefit Maximums under this *plan*.

If the *plan administrator* offers more than one of the *claims administrator's* products, and you change from one product to another with no break in coverage, you will get credit for any accrued Calendar Year Deductible and, if applicable, Out of Pocket Amounts and any maximums will be carried over and charged against Medical Benefit Maximums under this *plan*.

If the *plan administrator* offers coverage through other products or carriers in addition to the *claims administrator's*, and you change products or carriers to enroll in this product with no break in coverage, you will get credit for any accrued Calendar Year Deductible, Out of Pocket Amount, and any Medical Benefit Maximums under this *plan*.

This Section Does Not Apply To You If:

- The *plan administrator* moves to this *plan* at the beginning of a *calendar year*;
- You change from one of the *claims administrator's* individual policies to the *plan administrator's* plan;
- You change employers; or
- You are a new *member* of the *plan administrator* who joins after the *plan administrator's* initial enrollment with the *claims administrator*.

CONDITIONS OF COVERAGE

The following conditions of coverage must be met for expense incurred for services or supplies to be covered under this plan.

5. The expense must not exceed any of the maximum benefits or limitations of this *plan*.

6. Any services received must be those which are regularly provided and billed by the provider. Urgent care can be obtained from *participating providers* or *non-participating providers*.

Hospital

1. Inpatient services and supplies, provided by a *hospital*. The *maximum allowed amount* will not include charges in excess of the *hospital's* prevailing two-bed room rate unless your *physician* orders, and the *claims administrator* authorizes, a private room as *medically necessary*.
2. Services in *special care units*.

Hospital services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Skilled nursing facility services and supplies are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

These services are covered only if you are also receiving the services listed in 1 or 2 above.
5. *Medically necessary* supplies provided by the *home health agency*.

In no event will benefits exceed 100 visits during a *calendar year*. A visit of four hours or less by a home health aide shall be considered as one home health visit.

If covered charges are applied toward the Calendar Year Deductible and payment is not provided, those visits will be included in the 100 visits for that *year*.

Home health care services are subject to pre-service review to determine medical necessity. Please refer to UTILIZATION REVIEW PROGRAM for information on how to obtain the proper reviews.

Home health care services are not covered if received while you are receiving benefits under the "Hospice Care" provision of this section.

Hospice Care. The services and supplies listed below are covered when provided by a *hospice* for the palliative treatment of pain and other symptoms associated with a terminal disease. Palliative care is care that controls pain and relieves symptoms but is not intended to cure the illness. You must be suffering from a terminal illness for which the prognosis of life expectancy is one year or less, as certified by your *physician* and submitted to the *claims administrator*. Covered services are available on a 24-hour basis for the management of your condition.

Your immediate family means your spouse, children, step-children, parents, and siblings.
10. Palliative care (care which controls pain and relieves symptoms, but does not cure) which is appropriate for the illness.

Your *physician* must consent to your care by the *hospice* and must be consulted in the development of your treatment plan. The *hospice* must submit a written treatment plan to the *claims administrator* every 30 days.

This includes *medically necessary* dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. “Cleft palate” means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.

This does not apply to orthognathic surgery. Please see the “Dental Care” provision below for a description of this service.

Ambulance. Ambulance services are covered when you are transported by a state licensed vehicle that is designed, equipped, and used to transport the sick and injured and is staffed by Emergency Medical Technicians (EMTs), paramedics, or other licensed or certified medical professionals. Ambulance services are covered when one or more of the following criteria are met:

- For ground ambulance, you are transported:

- From your home, or from the scene of an accident or medical *emergency*, to a *hospital*,
 - Between *hospitals*, including when you are required to move from a *hospital* that does not contract with the *claims administrator* to one that does, or
 - Between a *hospital* and a *skilled nursing facility* or other approved facility.
- For air or water ambulance, you are transported:
 - From the scene of an accident or medical *emergency* to a *hospital*,
 - Between hospitals, including when you are required to move from a hospital that does not contract with the *claims administrator* to one that does, or
 - Between a hospital and another approved facility.

The *plan's* maximum payment will not exceed **\$50,000** per trip for air ambulance transportation that is not related to an *emergency* when performed by a *non-participating provider*.

Non-emergency ambulance services are subject to medical necessity reviews. *Emergency* ground ambulance services do not require pre-service review. Pre-service review is required for air ambulance in a non-medical *emergency*. When using an air ambulance in a non-emergency situation, the *claims administrator* reserves the right to select the air ambulance provider. If you do not use the air ambulance the *claims administrator* selects in a non-emergency situation, no coverage will be provided.

You must be taken to the nearest facility that can provide care for your condition. In certain cases, coverage may be approved for transportation to a facility that is not the nearest facility.

Coverage includes *medically necessary* treatment of an illness or injury by medical professionals from an ambulance service, even if you are not transported to a *hospital*. Ambulance services are not covered when another type of transportation can be used without endangering your health. Ambulance services for your convenience or the convenience of your *family members* or *physician* are not a covered service.

Other non-covered ambulance services include, but are not limited to, trips to:

- A *physician's* office or clinic;

- A morgue or funeral home.

If provided through the 911 emergency response system*, ambulance services are covered if you reasonably believed that a medical *emergency* existed even if you are not transported to a *hospital*.

Important information about air ambulance coverage. Coverage is only provided for air ambulance services when it is not appropriate to use a ground or water ambulance. For example, if using a ground ambulance would endanger your health and your medical condition requires a more rapid transport to a *hospital* than the ground ambulance can provide, this *plan* will cover the air ambulance. Air ambulance will also be covered if you are in a location that a ground or water ambulance cannot reach.

Air ambulance will not be covered if you are taken to a *hospital* that is not an acute care *hospital* (such a skilled nursing facility), or if you are taken to a *physician's* office or to your home.

Hospital to hospital transport: If you are being transported from one *hospital* to another, air ambulance will only be covered if using a ground ambulance would endanger your health and if the *hospital* that first treats you cannot give you the medical services you need. Certain specialized services are not available at all *hospitals*. For example, burn care, cardiac care, trauma care, and critical care are only available at certain *hospitals*. For services to be covered, you must be taken to the closest *hospital* that can treat you. Coverage is not provided for air ambulance transfers because you, your family, or your *physician* prefers a specific *hospital* or *physician*.

* If you have an *emergency* medical condition that requires an emergency response, please call the "911" emergency response system if you are in an area where the system is established and operating.

Advanced Imaging Procedures. Imaging procedures, including, but not limited to, Magnetic Resonance Imaging (MRI), Computerized Tomography (CT scans), Positron Emission Tomography (PET scan), Magnetic Resonance Spectroscopy (MRS scan), Magnetic Resonance Angiogram (MRA scan), Echocardiography and nuclear cardiac imaging are subject to pre-service review to determine medical necessity. You may call the toll-free Member Services telephone number on your identification card to find out if an imaging procedure requires pre-service review. See UTILIZATION REVIEW PROGRAM for details.

Durable Medical Equipment. Rental or purchase of dialysis equipment; dialysis supplies. Rental or purchase of other medical equipment and supplies which are:

- 1. Of no further use when medical needs end;
- 2. For the exclusive use of the patient;
- 3. Not primarily for comfort or hygiene;
- 4. Not for environmental control or for exercise; and

- 1. **Admissions for Dental Care.** Listed inpatient *hospital* services for up to three days during a *hospital stay*, when such *stay* is required for dental treatment and has been ordered by a *physician* (M.D.) and a dentist (D.D.S. or D.M.D.). The *claims administrator* will make the final determination as to whether the dental treatment could have been safely rendered in another setting due to the nature of the

procedure or your medical condition. *Hospital stays* for the purpose of administering general anesthesia are not considered necessary and are not covered except as specified in #2, below.

2. **General Anesthesia.** General anesthesia and associated facility charges when your clinical status or underlying medical condition requires that dental procedures be rendered in a *hospital* or *ambulatory surgical center*. This applies only if (a) the *member* is less than seven years old, (b) the *member* is developmentally disabled, or (c) the *member's* health is compromised and general anesthesia is *medically necessary*. Charges for the dental procedure itself, including professional fees of a dentist, may not be covered.
3. **Dental Injury.** Services of a *physician* (M.D.) or dentist (D.D.S. or D.M.D.) solely to treat an *accidental injury* to natural teeth. Coverage shall be limited to only such services that are *medically necessary* to repair the damage done by the *accidental injury* and/or restore function lost as a direct result of the *accidental injury*. Damage to natural teeth due to chewing or biting is not *accidental injury* unless the chewing or biting results from a medical or mental condition.
4. **Cleft Palate.** *Medically necessary* dental or orthodontic services that are an integral part of reconstructive surgery for cleft palate procedures. "Cleft palate" means a condition that may include cleft palate, cleft lip, or other craniofacial anomalies associated with cleft palate.
5. **Orthognathic surgery.** Orthognathic surgery for a physical abnormality that prevents normal function of the upper or lower jaw and is *medically necessary* to attain functional capacity of the affected part.

Important: If you decide to receive dental services that are not covered under this *plan*, a *participating provider* who is a dentist may charge you his or her usual and customary rate for those services. Prior to providing you with dental services that are not a covered benefit, the dentist should provide a treatment plan that includes each anticipated service to be provided and the estimated cost of each service. If you would like more information about the dental services that are covered under this *plan*, please call the Member Services telephone number listed on your ID card. To fully understand your coverage under this *plan*, please carefully review this *benefit booklet*.

- c. Involuntary complications of pregnancy;

- e. Inpatient *hospital* care including labor and delivery.

Inpatient *hospital* benefits in connection with childbirth will be provided for at least 48 hours following a normal delivery or 96 hours following a cesarean section, unless the mother and her *physician* decide on an earlier discharge. Please see the section entitled FOR YOUR INFORMATION for a statement of your rights under federal law regarding these services.

- 2. Medical *hospital* benefits for routine nursery care of a newborn *child*, if the *child's* natural mother is a *member*. Routine nursery care of a newborn child includes screening of a newborn for genetic diseases, congenital conditions, and other health conditions provided through a program established by law or regulation.
- 3. Certain services are covered under the "Preventive Care Services" benefit. Please see that provision for further details.

Transplant Services. Services and supplies provided in connection with a non-*investigative* organ or tissue transplant, if you are:

- 1. The recipient; or
- 2. The donor.

Benefits for an organ donor are as follows:

- When both the person donating the organ and the person getting the organ are covered *members* under this *plan*, each will get benefits under their plans.
- When the person getting the organ is a covered *member* under this *plan*, but the person donating the organ is not, benefits under this *plan* are limited to benefits not available to the donor from any other source. This includes, but is not limited to, other insurance, grants, foundations, and government programs.
- If a *member* covered under this *plan* is donating the organ to someone who is **not** a covered *member*, benefits are not available under this *plan*.

The *maximum allowed amount* for a donor, including donor testing and donor search, is limited to expense incurred for *medically necessary* medical services only. The *maximum allowed amount* for services incident to obtaining the transplanted material from a living donor or a human organ transplant bank will be covered. Such charges, including complications from the donor procedure for up to six weeks from the date of procurement, are covered. Services for treatment of a condition that is not directly related to, or a direct result of, the transplant are not covered. An unrelated donor search may be required when the patient has a disease for which a transplant is needed and a suitable donor within the family is not available. The *plan's* payment for unrelated donor searches from an authorized, licensed registry for bone marrow/stem cell transplants will not exceed **\$30,000** per transplant.

Covered services are subject to any applicable deductibles, co-payments and medical benefit maximums set forth in the SUMMARY OF BENEFITS. The *maximum allowed amount* does not include charges for services received without first obtaining the *claims administrator's* prior authorization or which are provided at a facility other than an approved transplant center. See UTILIZATION REVIEW PROGRAM for details.

To maximize your benefits, you should call the Transplant Department as soon as you think you may need a transplant to talk about your benefit options. You must do this before you have an evaluation or work-up for a transplant. The *claims administrator* will help you maximize your benefits by giving you coverage information, including details on what is covered and if any clinical coverage guidelines, medical policies, *Centers of Medical Excellence (CME)* or *Blue Distinction Centers for Specialty Care (BDCSC)* rules, or exclusions apply. Call the Member Services phone number on the back of your ID card and ask for the transplant coordinator.

You or your *physician* must call the Transplant Department for pre-service review prior to the transplant, whether it is performed in an inpatient or outpatient setting. Prior authorization is required before the *claims administrator* will provide benefits for a transplant. Your *physician* must certify, and the *claims administrator* must agree, that the transplant is *medically necessary*. Your *physician* should send a written request for prior authorization to the *claims administrator* as soon as possible to start this process. Not getting prior authorization will result in a denial of benefits.

Please note that your *physician* may ask for approval for HLA (human leukocyte antigen) testing, donor searches, or collection and storage of stem cells prior to the final decision as to what transplant procedure will be needed. In these cases, the HLA testing and donor search charges will be covered as routine diagnostic tests. The collection and storage request will be reviewed for medical necessity and may be approved.

However, such an approval for HLA testing, donor search, or collection and storage is NOT an approval for the later transplant. A separate medical necessity decision will be needed for the transplant itself.

Specified Transplants

You must obtain the *claims administrator's* prior authorization for all services including, but not limited to, preoperative tests and postoperative care related to the following specified transplants: heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures. Specified transplants must be performed at *Centers of Medical Excellence (CME)* or *Blue Distinction Centers for Specialty Care (BDCSC)*. **Charges for services provided for or in connection with a specified transplant performed at a facility other than a CME or BDCSC will not be considered covered.** Call the toll-free telephone number for pre-service review on your identification card if your *physician* recommends a specified transplant for your medical care. A case manager transplant coordinator will assist in facilitating your access to a CME or BDCSC. See UTILIZATION REVIEW PROGRAM for details.

Transplant Travel Expense

Certain travel expenses incurred in connection with an approved, specified transplant (heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney, or bone marrow/stem cell and similar procedures) performed at a designated CME or BDCSC that is 75 miles or more from the recipient's or donor's place of residence are covered, provided the expenses are authorized by the *claims administrator* in advance. The *plan's* maximum payment will not exceed **\$10,000** per transplant for the following travel expenses incurred by the recipient and one companion* or the donor:

- Ground transportation to and from the CME or BDCSC when the designated CME or BDCSC is 75 miles or more from the recipient's or donor's place of residence.
- Coach airfare to and from the CME or BDCSC when the designated CME or BDCSC is 300 miles or more from the recipient's or donor's residence
- Lodging, limited to one room, double occupancy
- Other reasonable expenses. Tobacco, alcohol, drug expenses, and meals are excluded.

*Note: When the *member* recipient is under 18 years of age, this benefit will apply to the recipient and two companions or caregivers.

The Calendar Year Deductible will not apply and no co-payments will be required for transplant travel expenses authorized in advance by the *claims administrator*. The *plan* will provide benefits for lodging and ground transportation, up to the current limits set forth in the Internal Revenue Code.

Expense incurred for the following is not covered: interim visits to a medical care facility while waiting for the actual transplant procedure; travel expenses for a companion and/or caregiver for a transplant donor; return visits for a transplant donor for treatment of a condition found during the evaluation; rental cars, buses, taxis or shuttle services; and mileage within the city in which the medical transplant facility is located.

Details regarding reimbursement can be obtained by calling the Member Services number on your identification card. A travel reimbursement form will be provided for submission of legible copies of all applicable receipts in order to obtain reimbursement.

Bariatric Surgery. Services and supplies in connection with *medically necessary* surgery for weight loss, only for morbid obesity and only when performed at a designated *BDCSC* facility. See UTILIZATION REVIEW PROGRAM for details.

You must obtain pre-service review for all bariatric surgical procedures.

The diet must be deemed *medically necessary* to avert the development of serious physical or mental disabilities or to promote normal development or function as a consequence of PKU.

The cost of the necessary formulas and special food products is covered only as it exceeds the cost of a normal diet. "Formula" means an enteral product or products for use at home. Designated Pharmacy Provider. The *claims administrator* may establish one or more *designated pharmacy provider* programs which provide specific pharmacy services (including shipment of *prescription drugs*) to *members*. A *participating provider* is not necessarily a *designated pharmacy provider*. To be a *designated pharmacy provider*, the *participating provider* must have signed a *designated pharmacy provider* agreement with the *plan*. You or your *physician* can contact Member Services to learn which *pharmacy* or *pharmacies* are part of a *designated pharmacy provider* program.

For *prescription drugs* that are shipped to you or your *physician* and administered in your *physician's* office, you and your *physician* are required to order from a *designated pharmacy provider*. A patient care coordinator will work with you and your *physician* to obtain precertification and to assist shipment to your *physician's* office.

The *claims administrator* may also require you to use a *designated pharmacy provider* to obtain *prescription drugs* for treatment of certain clinical conditions such as hemophilia. The *claims administrator* reserves the right to modify the list of *prescription drugs* as well as the setting and/or level of care in which the care is provided to you. The *claims administrator* may, from time to time, change with or without advance notice, the *designated pharmacy provider* for a *drug*. Such change can help provide cost effective, value based and/or quality services.

If you are required to use a *designated pharmacy provider* and you choose not to obtain your *prescription drug* from a *designated pharmacy provider*, coverage will be the same as for a *non-participating provider*.

You can get the list of the *prescription drugs* covered under this section by calling Member Services at the phone number on the back of your Identification Card or check the *claims administrator's* website at www.anthem.com.

Non-duplication of benefits applies to *pharmacy drugs* under this *plan*. When benefits are provided for *pharmacy drugs* under the *plan's* medical benefits, they will not be provided under your prescription drug benefits, if included. Conversely, if benefits are provided for *pharmacy drugs* under your prescription drug benefits, if included, they will not be provided under the *plan's* medical benefits.

Prior Authorization. Certain *specialty pharmacy drugs* require written prior authorization of benefits in order for you to receive them. Prior authorization criteria will be based on medical policy and the *pharmacy and therapeutics process*. You may need to try a *drug* other than the one originally prescribed if it's determined that it should be clinically effective for you. However, if it's determined through prior authorization that the *drug* originally prescribed is *medically necessary* and is cost effective, you will be provided the *drug* originally requested. If, when you first become a *member*, you are already being treated for a medical condition by a *drug* that has been appropriately prescribed and is considered safe and effective for your medical condition, the *claims administrator* will not require you to try a *drug* other than the one you are currently taking.

In order for you to get a *specialty pharmacy drug* that requires prior authorization, your *physician* must make a request to the *claims administrator* for you to get it. The request may be made by either telephone or facsimile. At the time the request is initiated, specific clinical information will be requested from your *physician* based on medical policy and/or clinical guidelines, based specifically on your diagnosis and/or the *physician's* statement in the request or clinical rationale for the *specialty pharmacy drug*.

If the request is not for urgently needed *drugs*, after the *claims administrator* gets the request from your *physician*:

- Based on your medical condition, as *medically necessary*, the *claims administrator* will review it and decide if they will approve benefits within 5-business days. The *claims administrator* will tell you and

your *physician* what has been decided in writing - by fax to your doctor, and by mail, to you.

- If more information is needed to make a decision, the *claims administrator* will tell your *physician* in writing within 5-business days after they get the request what information is missing and why a decision cannot be made. If, for reasons beyond the *claims administrator's* control, they cannot tell your *physician* what information is missing within 5-business days, the *claims administrator* will tell your *physician* that there is a problem as soon as they know that they cannot respond within 5-business days. In any event, the *claims administrator* will tell you and your *physician* that there is a problem by telephone, and in writing by facsimile, to your *physician*, and in writing to you by mail.
- As soon as the *claims administrator* can, based on your medical condition, as *medically necessary*, within 5-business days after they have all the information they need to decide if they will approve benefits, the *claims administrator* will tell you and your *physician* what has been decided in writing - by fax to your *physician* and by mail to you.

If you have any questions regarding whether a *specialty pharmacy drug* requires prior authorization, please call 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

If a request for prior authorization of a *specialty pharmacy drug* is denied, you or your prescribing *physician* may appeal the decision by calling 1-800-700-2541 (or TTY/TDD 1-800-905-9821).

BENEFITS FOR PERVASIVE DEVELOPMENTAL DISORDER OR AUTISM

This *plan* provides coverage for behavioral health treatment for Pervasive Developmental Disorder or autism. This coverage is provided according to the terms and conditions of this *plan* that apply to all other medical conditions, except as specifically stated in this section.

Behavioral health treatment services covered under this *plan* are subject to the same deductibles, coinsurance, and copayments that apply to services provided for other covered medical conditions. Services provided by Qualified Autism Service Providers, Qualified Autism Service Professionals, and Qualified Autism Service Paraprofessionals (see the "Definitions" below) will be covered under *plan* benefits that apply for outpatient office visits or other outpatient items and services. Services provided in a facility, such as the outpatient department of a *hospital*, will be covered under *plan* benefits that apply to such facilities. See also the section MENTAL HEALTH CONDITIONS AND SUBSTANCE ABUSE.

You must obtain pre-service review for all behavioral health treatment services for the treatment of Pervasive Developmental Disorder or autism in order for these services to be covered by this *plan* (see UTILIZATION REVIEW PROGRAM for details).

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in this section, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this “Definitions” provision.

DEFINITIONS

Pervasive Developmental Disorder or autism means one or more of disorders defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders.

Applied Behavior Analysis (ABA) means the design, implementation, and evaluation of systematic instructional and environmental modifications to promote positive social behaviors and reduce or ameliorate behaviors which interfere with learning and social interaction.

Intensive Behavioral Intervention means any form of Applied Behavioral Analysis that is comprehensive, designed to address all domains of functioning, and provided in multiple settings, depending on the individual's needs and progress. Interventions can be delivered in a one-to-one ratio or small group format, as appropriate.

Qualified Autism Service Provider is either of the following:

- A person, entity, or group that is certified by a national entity, such as the Behavior Analyst Certification Board, that is accredited by the National Commission for Certifying Agencies, and who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the person, entity, or group that is nationally certified; or
- A person licensed as a physician and surgeon (M.D. or D.O.), physical therapist, occupational therapist, psychologist, marriage and family therapist, educational psychologist, clinical social worker, professional clinical counselor, speech-language pathologist, or audiologist pursuant to state law, who designs, supervises, or provides treatment for Pervasive Developmental Disorder or autism, provided the services are within the experience and competence of the licensee.

The network of *participating providers* may be limited to licensed Qualified Autism Service Providers who contract with a Blue Cross and/or Blue Shield Plan and who may supervise and employ Qualified

BEHAVIORAL HEALTH TREATMENT SERVICES COVERED

The behavioral health treatment services covered by this *plan* for the treatment of Pervasive Developmental Disorder or autism are limited to those professional services and treatment programs, including Applied Behavior Analysis and evidence-based behavior intervention programs, that develop or restore, to the maximum extent practicable, the

functioning of an individual with Pervasive Developmental Disorder or autism and that meet all of the following requirements:

- The treatment must be prescribed by a licensed physician and surgeon (an M.D. or D.O.) or developed by a licensed psychologist,
- The treatment must be provided under a treatment plan prescribed by a Qualified Autism Service Provider and administered by one of the following: (a) Qualified Autism Service Provider, (b) Qualified Autism Service Professional supervised and employed by the Qualified Autism Service Provider, or (c) Qualified Autism Service Paraprofessional supervised and employed by a Qualified Autism Service provider, and
- The treatment plan must have measurable goals over a specific timeline and be developed and approved by the Qualified Autism Service Provider for the specific patient being treated. The treatment plan must be reviewed no less than once every six months by the Qualified Autism Service Provider and modified whenever appropriate, and must be consistent with applicable state law that imposes requirements on the provision of Applied Behavioral Analysis services and Intensive Behavioral Intervention services to certain persons pursuant to which the Qualified Autism Service Provider does all of the following:
 - ◆ Describes the patient's behavioral health impairments to be treated,
 - ◆ Designs an intervention plan that includes the service type, number of hours, and parent participation needed to achieve the intervention plan's goal and objectives, and the frequency at which the patient's progress is evaluated and reported,
 - ◆ Provides intervention plans that utilize evidence-based practices, with demonstrated clinical efficacy in treating Pervasive Developmental Disorder or autism,
 - ◆ Discontinues Intensive Behavioral Intervention services when the treatment goals and objectives are achieved or no longer appropriate, and
 - ◆ The treatment plan is not used for purposes of providing or for the reimbursement of respite care, day care, or educational services, and is not used to reimburse a parent for participating in the treatment program. The treatment plan must be made available to the *claims administrator* upon request.

SUBROGATION AND REIMBURSEMENT

These provisions apply when the *plan* pays benefits as a result of injuries or illnesses you sustained and you have a right to a Recovery or have received a Recovery from any source. A "Recovery" includes, but is not limited to, monies received from any person or party, any person's or party's liability insurance, uninsured/underinsured motorist proceeds, worker's compensation insurance or fund, "no-fault" insurance and/or automobile medical payments coverage, whether by lawsuit, settlement or otherwise. Regardless of how you or your representative or any agreements characterize the money you receive as a Recovery, it shall be subject to these provisions.

Subrogation

The *plan* has the right to recover payments it makes on your behalf from any party responsible for compensating you for your illnesses or injuries. The following apply:

- The *plan* has first priority from any Recovery for the full amount of benefits it has paid regardless of whether you are fully compensated, and regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- You and your legal representative must do whatever is necessary to enable the *plan* to exercise the *plan's* rights and do nothing to prejudice those rights.
- In the event that you or your legal representative fail to do whatever is necessary to enable the *plan* to exercise its subrogation rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.
- The *plan* has the right to take whatever legal action it sees fit against any person, party or entity to recover the benefits paid under the *plan*.
- To the extent that the total assets from which a Recovery is available are insufficient to satisfy in full the *plan's* subrogation claim and any claim held by you, the *plan's* subrogation claim shall be first satisfied before any part of a Recovery is applied to your claim, your attorney fees, other expenses or costs.
- The *plan* is not responsible for any attorney fees, attorney liens, other expenses or costs you incur. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.

Reimbursement

If you obtain a Recovery and the *plan* has not been repaid for the benefits the *plan* paid on your behalf, the *plan* shall have a right to be repaid from the Recovery in the amount of the benefits paid on your behalf and the following provisions will apply:

- You must reimburse the *plan* from any Recovery to the extent of benefits the *plan* paid on your behalf regardless of whether the payments you receive make you whole for your losses, illnesses and/or injuries.
- Notwithstanding any allocation or designation of your Recovery (e.g., pain and suffering) made in a settlement agreement or court order, the *plan* shall have a right of full recovery, in first priority, against any Recovery. Further, the *plan's* rights will not be reduced due to your negligence.
- You and your legal representative must hold in trust for the *plan* the proceeds of the gross Recovery (*i.e.*, the total amount of your Recovery before attorney fees, other expenses or costs) to be paid to the *plan* immediately upon your receipt of the Recovery. You and your legal representative acknowledge that the portion of the Recovery to which the *plan's* equitable lien applies is a *plan* asset
- Any Recovery you obtain must not be dissipated or disbursed until such time as the *plan* has been repaid in accordance with these provisions.
- You must reimburse the *plan*, in first priority and without any set-off or reduction for attorney fees, other expenses or costs. The "common fund" doctrine does not apply to any funds recovered by any attorney you hire regardless of whether funds recovered are used to repay benefits paid by the *plan*.
- If you fail to repay the *plan*, the *plan* shall be entitled to deduct any of the unsatisfied portion of the amount of benefits the *plan* has paid or the amount of your Recovery whichever is less, from any future benefit under the *plan* if:
 1. The amount the *plan* paid on your behalf is not repaid or otherwise recovered by the *plan*; or
 2. You fail to cooperate.
- In the event that you fail to disclose the amount of your settlement to the *plan*, the *plan* shall be entitled to deduct the amount of the *plan's* lien from any future benefit under the *plan*.
- The *plan* shall also be entitled to recover any of the unsatisfied portion of the amount the *plan* has paid or the amount of your

Recovery, whichever is less, directly from the Providers to whom the *plan* has made payments on your behalf. In such a circumstance, it may then be your obligation to pay the Provider the full billed amount, and the *plan* will not have any obligation to pay the Provider or reimburse you.

- The *plan* is entitled to reimbursement from any Recovery, in first priority, even if the Recovery does not fully satisfy the judgment, settlement or underlying claim for damages or fully compensate you or make you whole.

Your Duties

- You must promptly notify the *plan* of how, when and where an accident or incident resulting in personal injury or illness to you occurred and all information regarding the parties involved and any other information requested by the *plan*.
- You must cooperate with the *plan* in the investigation, settlement and protection of the *plan's* rights. In the event that you or your legal representative fails to do whatever is necessary to enable the *plan* to exercise its subrogation or reimbursement rights, the *plan* shall be entitled to deduct the amount the *plan* paid from any future benefits under the *plan*.
- You must not do anything to prejudice the *plan's* rights.
- You must send the *plan* copies of all police reports, notices or other papers received in connection with the accident or incident resulting in personal injury or illness to you.
- You must promptly notify the *plan* if you retain an attorney or if a lawsuit is filed on your behalf.
- You must immediately notify the *plan* if a trial is commenced, if a settlement occurs or if potentially dispositive motions are filed in a case.

The *plan administrator* has sole discretion to interpret the terms of the Subrogation and Reimbursement provision of this *plan* in its entirety and reserves the right to make changes as it deems necessary.

If the covered person is a minor, any amount recovered by the minor, the minor's trustee, guardian, parent, or other representative, shall be subject to this provision. Likewise, if the covered person's relatives, heirs, and/or assignees make any Recovery because of injuries sustained by the covered person, that Recovery shall be subject to this provision.

The *plan* is entitled to recover its attorney's fees and costs incurred in enforcing this provision.

The *plan* shall be secondary in coverage to any medical payments provision, no-fault automobile insurance policy or personal injury protection policy regardless of any election made by you to the contrary. The *plan* shall also be secondary to any excess insurance policy, including, but not limited to, school and/or athletic policies.

COORDINATION OF BENEFITS

If you are covered by more than one group medical plan, your benefits under This Plan will be coordinated with the benefits of those Other Plans, as shown below. These coordination provisions apply separately to each *member*, per *calendar year*, and are largely determined by California law. Any coverage you have for medical or dental benefits will be coordinated as shown below.

DEFINITIONS

The meanings of key terms used in this section are shown below. Whenever any of the key terms shown below appear in these provisions, the first letter of each word will be capitalized. When you see these capitalized words, you should refer to this "Definitions" provision.

Allowable Expense is any necessary, reasonable and customary item of expense which is at least partially covered by any plan covering the person for whom claim is made. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered will be deemed to be both an Allowable Expense and a benefit paid. An expense that is not covered by any plan covering the person for whom a claim is made is not Allowable Expense.

1. Use of a private hospital room is not an Allowable Expense unless the patient's stay in a private *hospital* room is *medically necessary* in terms of generally accepted medical practice, or one of the plans routinely provides coverage for *hospital* private rooms.
2. If you are covered by two plans that calculate benefits or services on the basis of a reasonable and customary amount or relative value schedule reimbursement method or some other similar reimbursement method, any amount in excess of the higher of the reasonable and customary amounts.
3. If a person is covered by two plans that provide benefits or services on the basis of negotiated rates or fees, an amount in excess of the lower of the negotiated rates.
4. If a person is covered by one plan that calculates its benefits or services on the basis of a reasonable and customary amount or

relative value schedule reimbursement method or some other similar reimbursement method and another plan provides its benefits or services on the basis of negotiated rates or fees, any amount in excess of the negotiated rate.

5. The amount of any benefit reduction by the Principal Plan because you did not comply with the plan's provisions is not an Allowable Expense. Examples of these types of provisions include second surgical opinions, utilization review requirements, and network provider arrangements.
6. If you advise us that all plans covering you are high deductible health plans as defined by Section 223 of the Internal Revenue Code, and you intend to contribute to a health savings account established in accordance with Section 223 of the Internal Revenue Code, any amount that is subject to the primary high deductible health plan's deductible.

Other Plan is any of the following:

1. Group, blanket or franchise insurance coverage;
2. Group service plan contract, group practice, group individual practice and other group prepayment coverages;
3. Group coverage under labor-management trustee plans, union benefit organization plans, employer organization plans, employee benefit organization plans or self-insured employee benefit plans.
4. Medicare. This does not include Medicare when, by law, its benefits are secondary to those of any private insurance program or other non-governmental program.

The term "Other Plan" refers separately to each agreement, policy, contract, or other arrangement for services and benefits, and only to that portion of such agreement, policy, contract, or arrangement which reserves the right to take the services or benefits of other plans into consideration in determining benefits.

Principal Plan is the plan which will have its benefits determined first.

This Plan is that portion of this *plan* which provides benefits subject to this provision.

EFFECT ON BENEFITS

This provision will apply in determining a person's benefits under This Plan for any *calendar year* if the benefits under This Plan and any Other Plans, exceed the Allowable Expenses for that *calendar year*.

1. If This Plan is the Principal Plan, then its benefits will be determined first without taking into account the benefits or services of any Other Plan.
2. If This Plan is not the Principal Plan, then its benefits may be reduced so that the benefits and services of all the plans do not exceed Allowable Expense.
3. The benefits of This Plan will never be greater than the sum of the benefits that would have been paid if you were covered under This Plan only.

ORDER OF BENEFITS DETERMINATION

The first of the following rules which applies will determine the order in which benefits are payable:

1. A plan which has no Coordination of Benefits provision pays before a plan which has a Coordination of Benefits provision. This would include Medicare in all cases, except when the law requires that This Plan pays before Medicare.
2. A plan which covers you as a *subscriber* pays before a plan which covers you as a dependent. But, if you are retired and eligible for Medicare, Medicare pays (a) after the plan which covers you as a dependent of an active employee, but (b) before the plan which covers you as a retired employee.

For example: You are covered as a retired employee under this plan and entitled to Medicare (Medicare would normally pay first). You are also covered as a dependent of an active employee under another plan (in which case Medicare would pay second). In this situation, the plan which covers you as a dependent will pay first, Medicare will pay second, and the plan which covers you as a retired employee would pay last.

3. For a dependent *child* covered under plans of two parents, the plan of the parent whose birthday falls earlier in the *calendar year* pays before the plan of the parent whose birthday falls later in the *calendar year*. But if one plan does not have a birthday rule provision, the provisions of that plan determine the order of benefits.

Exception to rule 3: For a dependent *child* of parents who are divorced or separated, the following rules will be used in place of Rule 3:

- a. If the parent with custody of that *child* for whom a claim has been made has not remarried, then the plan of the parent with custody that covers that *child* as a dependent pays first.

- b. If the parent with custody of that *child* for whom a claim has been made has remarried, then the order in which benefits are paid will be as follows:
 - i. The plan which covers that *child* as a dependent of the parent with custody.
 - ii. The plan which covers that *child* as a dependent of the stepparent (married to the parent with custody).
 - iii. The plan which covers that *child* as a dependent of the parent without custody.
 - iv. The plan which covers that *child* as a dependent of the stepparent (married to the parent without custody).
 - c. Regardless of a and b above, if there is a court decree which establishes a parent's financial responsibility for that *child's* health care coverage, a plan which covers that *child* as a dependent of that parent pays first.
- 4. The plan covering you as a laid-off or retired employee or as a dependent of a laid-off or retired employee pays after a plan covering you as other than a laid-off or retired employee or the dependent of such a person. But if either plan does not have a provision regarding laid-off or retired employees, provision 6 applies.
 - 5. The plan covering you under a continuation of coverage provision in accordance with state or federal law pays after a plan covering you as an employee, a dependent or otherwise, but not under a continuation of coverage provision in accordance with state or federal law. If the order of benefit determination provisions of the Other Plan do not agree under these circumstances with the Order of Benefit Determination provisions of This Plan, this rule will not apply.
 - 6. When the above rules do not establish the order of payment, the plan on which you have been enrolled the longest pays first unless two of the plans have the same effective date. In this case, Allowable Expense is split equally between the two plans.

OUR RIGHTS UNDER THIS PROVISION

Responsibility For Timely Notice. We are not responsible for coordination of benefits unless timely information has been provided by the requesting party regarding the application of this provision.

Reasonable Cash Value. If any Other Plan provides benefits in the form of services rather than cash payment, the reasonable cash value of services provided will be considered Allowable Expense. The

reasonable cash value of such service will be considered a benefit paid, and our liability reduced accordingly.

Facility of Payment. If payments which should have been made under This Plan have been made under any Other Plan, we have the right to pay that Other Plan any amount we determine to be warranted to satisfy the intent of this provision. Any such amount will be considered a benefit paid under This Plan, and such payment will fully satisfy our liability under this provision.

Right of Recovery. If payments made under This Plan exceed the maximum payment necessary to satisfy the intent of this provision, we have the right to recover that excess amount from any persons or organizations to or for whom those payments were made, or from any insurance company or service plan.

BENEFITS FOR MEDICARE ELIGIBLE MEMBERS

If you are entitled to Medicare, you will receive the full benefits of this *plan*, except as listed below:

1. You are receiving treatment for end-stage renal disease following the first 30 months you are entitled to end-stage renal disease benefits under Medicare; or
2. You are entitled to Medicare benefits as a disabled person, unless you have a current employment status as determined by Medicare rules through a *group* of 100 or more employees (according to federal OBRA legislation).

In cases where exceptions 1 or 2 apply, payment will be determined according to the provisions in the section entitled COORDINATION OF BENEFITS and the provision "Coordinating Benefits With Medicare", below.

Coordinating Benefits With Medicare. The *plan* will not provide benefits that duplicate any benefits to which you would be entitled under Medicare. This exclusion applies to all parts of Medicare in which you can enroll without paying additional premium. If you are required to pay additional premium for any part of Medicare, this exclusion will apply to that part of Medicare only if you are enrolled in that part.

If you are entitled to Medicare, your Medicare coverage will not affect the services covered under this *plan* except as follows:

1. Medicare must provide benefits first to any services covered both by Medicare and under this *plan*.

2. For services you receive that are covered both by Medicare and under this *plan*, coverage under this *plan* will apply only to Medicare deductibles, coinsurance, and other charges for covered services over and above what Medicare pays.
3. For any given claim, the combination of benefits provided by Medicare and the benefits provided under this *plan* will not exceed the *maximum allowed amount* for the covered services.

The *claims administrator* will apply any charges paid by Medicare for services covered under this *plan* toward your *plan* deductible, if any.

UTILIZATION REVIEW PROGRAM

Your *plan* includes the process of utilization review to decide when services are *medically necessary* or *experimental / investigative* as those terms are defined in this booklet. Utilization review aids the delivery of cost-effective health care by reviewing the use of treatments and, when proper, level of care and/or the setting or place of service that they are performed. A service must be *medically necessary* to be a covered service.

When level of care, setting or place of service is part of the review, services that can be safely given to you in a lower level of care or lower cost setting / place of care, will not be *medically necessary* if they are given in a higher level of care, or higher cost setting / place of care.

Certain services must be reviewed to determine medical necessity in order for you to get benefits. Utilization review criteria will be based on many sources including medical policy and clinical guidelines. The *claims administrator* may decide that a service that was asked for is not *medically necessary* if you have not tried other treatments that are more cost-effective.

If you have any questions about the information in this section, you may call the Member Services phone number on the back of your Identification Card.

Coverage for or payment of the service or treatment reviewed is not guaranteed. For benefits to be covered, on the date you get service:

1. You must be eligible for benefits;
2. The service or supply must be a covered service under your *plan*;
3. The service cannot be subject to an exclusion under your *plan* (please see MEDICAL CARE THAT IS NOT COVERED for more information); and

4. You must not have exceeded any applicable limits under your *plan*.

TYPES OF REVIEWS

- **Pre-service Review** – A review of a service, treatment or admission for a coverage determination which is done before the service or treatment begins or admission date.
 - **Precertification** – A required pre-service review for a benefit coverage determination for a service or treatment. Certain services require precertification in order for you to get benefits. The benefit coverage review will include a review to decide whether the service meets the definition of medical necessity or is *experimental / investigative* as those terms are defined in this booklet.

For admissions following an *emergency*, you, your authorized representative or *physician* must tell the *claims administrator* within 24 hours of the admission or as soon as possible within a reasonable period of time.

For childbirth admissions, precertification is not needed for the first 48 hours for a vaginal delivery or 96 hours for a cesarean section. Admissions longer than 48/96 hours require precertification.

For inpatient *hospital* stays for mastectomy surgery, including the length of *hospital* stays associated with mastectomy, precertification is not needed.

- **Continued Stay / Concurrent Review** – A utilization review of a service, treatment or admission for a benefit coverage determination which must be done during an ongoing stay in a facility or course of treatment.
 - Both pre-service and continued stay / concurrent reviews may be considered urgent when, in the view of the treating provider or any *physician* with knowledge of your medical condition, without such care or treatment, your life or health or your ability to regain maximum function could be seriously threatened or you could be subjected to severe pain that cannot be adequately managed without such care or treatment. Urgent reviews are conducted under a shorter timeframe than standard reviews.
- **Post-service Review** – A review of a service, treatment or admission for a benefit coverage that is conducted after the service has been provided. Post-service reviews are performed when a service, treatment or admission did not need a precertification, or when a needed precertification was not obtained. Post-service

reviews are done for a service, treatment or admission in which the *plan* has a related clinical coverage guideline and are typically initiated by the *claims administrator*.

Services for which precertification is required (i.e., services that need to be reviewed by the *claims administrator* to determine whether they are *medically necessary*) include, but are not limited to, the following:

- Scheduled, non-emergency inpatient *hospital stays* and *residential treatment center* admissions.

Exceptions: Pre-service review is not required for inpatient *hospital stays* for the following services:

- ♦ Maternity care of 48 hours or less following a normal delivery or 96 hours or less following a cesarean section, and
- ♦ Mastectomy and lymph node dissection.
- Specific non-emergency outpatient services, including diagnostic treatment and other services.
- Specific outpatient surgeries performed in an outpatient facility or a doctor's office.
- Transplant services, including transplant travel expense. The following criteria must be met for certain transplants, as follows:
 - ♦ For bone, skin or cornea transplants, the *physicians* on the surgical team and the facility in which the transplant is to take place must be approved for the transplant requested.
 - ♦ For transplantation of heart, liver, lung, combination heart-lung, kidney, pancreas, simultaneous pancreas-kidney or bone marrow/stem cell and similar procedures, the providers of the related preoperative and postoperative services must be approved and the transplant must be performed at a *Centers of Medical Excellence (CME)* facility or a *Blue Distinction Centers for Specialty Care (BDCSC)* facility.
- Air ambulance in a non-medical *emergency*.
- Specific durable medical equipment.
- Infusion therapy or home infusion therapy, if the attending physician has submitted both a prescription and a plan of treatment before services are rendered.
- Home health care. The following criteria must be met:

- ◆ The services can be safely provided in your home, as certified by your attending *physician*;
- ◆ Your attending *physician* manages and directs your medical care at home; and
- ◆ Your attending *physician* has established a definitive treatment plan which must be consistent with your medical needs and lists the services to be provided by the *home health agency*.
- Admissions to a *skilled nursing facility*, if you require daily skilled nursing or rehabilitation, as certified by your attending *physician*.
- Bariatric surgical services, such as gastric bypass and other surgical procedures for weight loss, including bariatric travel expense, if:

WHO IS RESPONSIBLE FOR PRECERTIFICATION?

Typically, *participating providers* know which services need precertification and will get any precertification when needed. Your *physician* and other *participating providers* have been given detailed information about these procedures and are responsible for meeting these requirements. Generally, the ordering provider, *hospital* or attending *physician* (“requesting provider”) will get in touch with the *claims administrator* to ask for a precertification. However, you may request a precertification or you may choose an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older. The table below outlines who is responsible for precertification and under what circumstances.

HOW DECISIONS ARE MADE

The *claims administrator* uses clinical coverage guidelines, such as medical policy, clinical guidelines, and other applicable policies and procedures to help make medical necessity decisions. This includes decisions about *prescription drugs* as detailed in the section "Prescription Drugs Obtained From Or Administered By a Medical Provider." Medical policies and clinical guidelines reflect the standards of practice and medical interventions identified as proper medical practice. The *claims administrator* reserves the right to review and update these clinical coverage guidelines from time to time.

You are entitled to ask for and get, free of charge, reasonable access to any records concerning your request. To ask for this information, call the precertification phone number on the back of your identification card.

If you are not satisfied with the *plan's* decision under this section of your benefits, you may call the Member Services phone number on the back of your Identification Card to find out what rights may be available to you.

DECISION AND NOTICE REQUIREMENTS

The *claims administrator* will review requests for medical necessity according to the timeframes listed below. The timeframes and requirements listed are based on state and federal laws. Where state laws are stricter than federal laws, the *plan* will follow state laws. If you live in and/or get services in a state other than the state where your *plan* was issued, other state-specific requirements may apply. You may call the phone number on the back of your identification card for more details.

Request Category	Timeframe Requirement for Decision
Urgent Pre-Service Review	72 hours from the receipt of the request
Non-Urgent Pre-Service Review	5 business days from the receipt of the request
Continued Stay / Concurrent Review when hospitalized at the time of the request and no previous authorization exists	72 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received at least 24 hours before the end of the previous authorization	24 hours from the receipt of the request
Urgent Continued Stay / Concurrent Review when request is received less than 24 hours before the end of the previous authorization	72 hours from the receipt of the request
Non-Urgent Continued Stay / Concurrent Review	5 business days from the receipt of the request
Post-Service Review	30 calendar days from the receipt of the request

If more information is needed to make a decision, the *claims administrator* will tell the requesting *physician* of the specific information needed to finish the review. If the *plan* does not get the specific information it needs by the required timeframe identified in the written notice, the *claims administrator* will make a decision based upon the information received.

The *claims administrator* will notify you and your *physician* of the *plan*'s decision as required by state and federal law. Notice may be given by one or more of the following methods: verbal, written and/or electronic.

For a copy of the medical necessity review process, please contact Member Services at the telephone number on the back of your identification card.

Revoking or modifying an authorization. An authorization for services or care may be revoked or modified prior to the services being rendered for reasons including but not limited to the following:

- Your coverage under this *plan* ends;
- The *plan* with the *plan administrator* terminates;
- You reach a benefit maximum that applies to the services in question;
- Your benefits under the *plan* change so that the services in question are no longer covered or are covered in a different way.

HEALTH PLAN INDIVIDUAL CASE MANAGEMENT

The health plan individual case management program enables the *claims administrator* to assist you to obtain medically appropriate care in a more economical, cost-effective and coordinated manner during prolonged periods of intensive medical care. Through a case manager, the *claims administrator* will discuss possible options for an alternative plan of treatment which may include services not covered under this *plan*. It is not your right to receive individual case management, nor does the *claims administrator* have an obligation to provide it; they provide these services at their sole and absolute discretion.

HOW HEALTH PLAN INDIVIDUAL CASE MANAGEMENT WORKS

The health plan individual case management program (Case Management) helps coordinate services for *members* with health care needs due to serious, complex, and/or chronic health conditions. The programs coordinate benefits and educate *members* who agree to take part in the Case Management program to help meet their health-related needs.

The Case Management programs are confidential and voluntary, and are made available at no extra cost to you. These programs are provided by, or on behalf of and at the request of, your health plan case management staff. These Case Management programs are separate from any covered services you are receiving.

If you meet program criteria and agree to take part, then *claims administrator* will help you meet your identified health care needs. This is reached through contact and team work with you and /or your chosen authorized representative, treating *physicians*, and other providers.

In addition, the *claims administrator* may assist in coordinating care with existing community-based programs and services to meet your needs. This may include giving you information about external agencies and community-based programs and services.

A decision will be made case-by-case if in the *claims administrator's* discretion, the alternate or extended benefit is in the best interest for you and the *plan* and you or your authorized representative agree to the alternate or extended benefit in writing.

Alternative Treatment Plan. In certain cases of severe or chronic illness or injury, the *plan* may provide benefits for alternate care that is not listed as a covered service. The *claims administrator* may also extend services beyond the benefit maximums of this *plan*. A decision will be made case-by-case, if in the *claims administrator's* discretion the alternate or extended benefit is in the best interest for you and the *plan* and you or your authorized representative agree to the alternate and extended benefit in writing. A decision to provide extended benefits or approve alternate care in one case does not obligate us to provide the same benefits again to you or to any other member. The *claims administrator* reserves the right, at any time, to alter or stop providing extended benefits or approving alternate care. In such case, the *claims administrator* will notify you or your authorized representative in writing.

EXCEPTIONS TO THE UTILIZATION REVIEW PROGRAM

From time to time, the *claims administrator* may waive, enhance, modify, or discontinue certain medical management processes (including utilization management, case management, and disease management) if, in the *claims administrator's* discretion, such a change furthers the provision of cost effective, value based and quality services. In addition, the *claims administrator* may select certain qualifying health care providers to participate in a program or a provider arrangement that exempts them from certain procedural or medical management processes that would otherwise apply. The *claims administrator* may also exempt claims from medical review if certain conditions apply.

If the *claims administrator* exempts a process, health care provider, or claim from the standards that would otherwise apply, they are in no way obligated to do so in the future, or to do so for any other health care provider, claim, or *member*. The *claims administrator* may stop or modify any such exemption with or without advance notice.

The *claims administrator* also may identify certain providers to review for potential fraud, waste, abuse or other inappropriate activity if the claims data suggests there may be inappropriate billing practices. If a provider is selected under this program, then the *claims administrator* may use one or more clinical utilization management guidelines in the review of claims submitted by this provider, even if those guidelines are not used for all providers delivering services to this *plan's members*.

You may determine whether a health care provider participates in certain programs by checking the *claims administrator's* online provider directory on their website at www.anthemcom/ca or by calling the Member Services telephone number listed on your ID card.

HOW COVERAGE BEGINS AND ENDS

Please refer to the Summary Plan Description for the CNB Health Plan (“The Benefits Book”) for information on eligibility, dependent and domestic partner coverage, enrollment, and how coverage under the plan ends.

CONTINUATION OF COVERAGE

Please refer to the Summary Plan Description for the CNB Health Plan ("The Benefits Book") for information on your entitlement to continuation of coverage under The Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA).

GENERAL PROVISIONS

Providing of Care. We are not responsible for providing any type of *hospital*, medical or similar care, nor are we responsible for the quality of any such care received.

Independent Contractors. The *claims administrator's* relationship with providers is that of an independent contractor. *Physicians*, and other health care professionals, *hospitals*, *skilled nursing facilities* and other community agencies are not the *claims administrator's* agents nor is the *claims administrator*, or any of the employees of the *claims administrator*, an employee or agent of any *hospital*, medical group or medical care provider of any type.

Non-Regulation of Providers. The benefits of this *plan* do not regulate the amounts charged by providers of medical care, except to the extent that rates for covered services are regulated with *participating providers*.

Inter-Plan Arrangements

Out-of-Area Services

Overview. The *claims administrator* has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area we serve (the "Anthem Blue Cross" Service Area), the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Anthem Blue Cross Service Area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("non-participating providers") do not contract with the Host Blue. See below for an explanation of how both kinds of providers are paid.

Inter-Plan Arrangements Eligibility – Claim Types

Most claim types are eligible to be processed through Inter-Plan Arrangements, as described above. Examples of claims that are not

included are *prescription drugs* that you obtain from a *pharmacy* and most dental or vision benefits.

A. BlueCard[®] Program

Under the BlueCard[®] Program, when you receive covered services within the geographic area served by a Host Blue, the *claims administrator* will still fulfill the plan's contractual obligations. But, the Host Blue is responsible for: (a) contracting with its providers; and (b) handling its interactions with those providers.

When you receive covered services outside the Anthem Blue Cross Service Area and the claim is processed through the BlueCard Program, the amount you pay is calculated based on the lower of:

- The billed charges for covered services; or
- The negotiated price that the Host Blue makes available to the *claims administrator*.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to the provider. Sometimes, it is an estimated price that takes into account special arrangements with that provider. Sometimes, such an arrangement may be an average price, based on a discount that results in expected average savings for services provided by similar types of providers. Estimated and average pricing arrangements may also involve types of settlements, incentive payments and/or other credits or charges.

Estimated pricing and average pricing also take into account adjustments to correct for over- or underestimation of past pricing of claims, as noted above. However, such adjustments will not affect the price we used for your claim because they will not be applied after a claim has already been paid.

B. Negotiated (non–BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, Anthem Blue Cross may process your claims for covered services through Negotiated Arrangements for National Accounts.

The amount you pay for covered services under this arrangement will be calculated based on the lower of either billed charges for covered services or the negotiated price (refer to the description of negotiated price under Section A. BlueCard Program) made available to Anthem Blue Cross by the Host Blue.

C. Special Cases: Value-Based Programs

BlueCard[®] Program

If you receive covered services under a Value-Based Program inside a Host Blue's Service Area, you will not be responsible for paying any of the provider Incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Anthem Blue Cross through average pricing or fee schedule adjustments. Additional information is available upon request.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If Anthem Blue Cross has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to the group on your behalf, Anthem Blue Cross will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee. If applicable, the *claims administrator* will include any such surcharge, tax or other fee as part of the claim charge passed on to you.

E. Non-participating Providers Outside Our Service Area

1. Allowed Amounts and Member Liability Calculation

When covered services are provided outside of Anthem Blue Cross's Service Area by non-participating providers, the *claims administrator* may determine benefits and make payment based on pricing from either the Host Blue or the pricing arrangements required by applicable state or federal law. In these situations, the amount you pay for such services as deductible or co-payment will be based on that allowed amount. Also, you may be responsible for the difference between the amount that the non-participating provider bills and the payment the *claims administrator* will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.

2. Exceptions

In certain situations, the *claims administrator* may use other pricing methods, such as billed charges or the pricing we would use if the healthcare services had been obtained within the Anthem Blue Cross Service Area, or a special negotiated price to determine the amount we will pay for services provided by non-participating providers. In these situations, you may be liable for

the difference between the amount that the non-participating provider bills and the payment we make for the covered services as set forth in this paragraph.

F. BlueCross BlueShield Global Core[®] Program

If you plan to travel outside the United States, call Member Services for information about your BlueCross BlueShield Global Core benefits. Benefits for services received outside of the United States may be different from services received in the United States. Remember to take an up to date health ID card with you.

When you are traveling abroad and need medical care, you can call the BlueCross BlueShield Global Core Service Center any time. They are available 24 hours a day, seven days a week. The toll free number is **(800) 810-BLUE (2583)**. Or you can call them collect at **(804) 673-1177**.

If you need inpatient hospital care, you or someone on your behalf, should contact the *claims administrator* for preauthorization. Keep in mind, if you need *emergency* medical care, go to the nearest hospital. There is no need to call before you receive care.

Please refer to the "Utilization Review Program" section in this booklet for further information. You can learn how to get pre-authorization when you need to be admitted to the hospital for *emergency* or non-emergency care.

How Claims are Paid with BlueCross BlueShield Global Core

In most cases, when you arrange inpatient hospital care with BlueCross BlueShield Global Core, claims will be filed for you. The only amounts that you may need to pay up front are any co-payment or deductible amounts that may apply.

You will typically need to pay for the following services up front:

- *Physician* services;
- Inpatient hospital care not arranged through BlueCross BlueShield Global Core; and
- Outpatient services.

You will need to file a claim form for any payments made up front.

When you need BlueCross BlueShield Global Core claim forms you can get international claims forms in the following ways:

- Call the BlueCross BlueShield Global Core Service Center at the numbers above; or

- Online at www.bcbsglobalcore.com

You will find the address for mailing the claim on the form.

Terms of Coverage

1. In order for you to be entitled to benefits under the *plan*, both the *plan* and your coverage under the *plan* must be in effect on the date the expense giving rise to a claim for benefits is incurred.
2. The benefits to which you may be entitled will depend on the terms of coverage in effect on the date the expense giving rise to a claim for benefits is incurred. An expense is incurred on the date you receive the service or supply for which the charge is made.
3. The *plan* is subject to amendment, modification or termination according to the provisions of the *plan* without your consent or concurrence.

Nondiscrimination. No person who is eligible to enroll will be refused enrollment based on health status, health care needs, genetic information, previous medical information, disability, sexual orientation or identity, gender, or age.

Protection of Coverage. We do not have the right to cancel your coverage under this *plan* while: (1) this *plan* is in effect; (2) you are eligible; and (3) your required monthly contributions are paid according to the terms of the *plan*.

Free Choice of Provider. This *plan* in no way interferes with your right as a *member* entitled to *hospital* benefits to select a *hospital*. You may choose any *physician* who holds a valid *physician* and surgeon's certificate and who is a member of, or acceptable to, the attending staff and board of directors of the *hospital* where services are received. You may also choose any other health care professional or facility which provides care covered under this *plan*, and is properly licensed according to appropriate state and local laws. But your choice may affect the benefits payable according to this *plan*.

Medical Necessity. The benefits of this *plan* are provided only for services which are *medically necessary*. The services must be ordered by the attending *physician* for the direct care and treatment of a covered condition. They must be standard medical practice where received for the condition being treated and must be legal in the United States.

Expense in Excess of Benefits. We are not liable for any expense you incur in excess of the benefits of this *plan*.

Benefits Not Transferable. Only the *member* is entitled to receive benefits under this *plan*. The right to benefits cannot be transferred.

Notice of Claim. You must send the *claims administrator* properly and fully completed claim forms within 90 days of the date you receive the service or supply for which a claim is made. If it is not reasonably possible to submit the claim within that time frame, an extension of up to 12 months will be allowed. The *plan administrator* is not liable for the benefits of the *plan* if you do not file claims within the required time period. The *plan administrator* will not be liable for benefits if the *claims administrator* does not receive written proof of loss on time.

If you get services in a state other than the state where your *plan* was issued, claims should be submitted directly to the local Blue Cross and/or Blue Shield plan in that area.

Services received and charges for the services must be itemized, and clearly and accurately described. Claim forms must be used; canceled checks or receipts are not acceptable.

To obtain a claim form you or someone on your behalf may call the Member Services phone number shown on your ID Card or go to the website at www.anthem.com/ca and download and print one.

Payment to Providers. The benefits of this *plan* will be paid directly to *participating providers* and medical transportation providers. Also, other providers of service will be paid directly when you assign benefits in writing. If another party pays for your medical care and you assign benefits in writing, the benefits of this *plan* will be paid to that party. These payments will fulfill our obligation to you for those covered services.

Exception: Under certain circumstances the *claims administrator* will pay the benefits of this *plan* directly to a provider or third party even without your assignment of benefits in writing. To receive direct payment, the provider or third party must provide them with the following:

1. Proof of payment of medical services and the provider's itemized bill for such services;
2. If the *subscriber* does not reside with the patient, either a copy of the judicial order requiring the *subscriber* to provide coverage for the patient or a state approved form verifying the existence of such judicial order which would be filed with us on an annual basis;
3. If the *subscriber* does not reside with the patient, and if the provider is seeking direct reimbursement, an itemized bill with the signature of the custodian or guardian certifying that the services have been provided and supplying on an annual basis, either a copy of the judicial order requiring the *subscriber* to provide coverage for the patient or a state approved form verifying the existence of such judicial order;

4. The name and address of the person to be reimbursed, the name and policy number of the *subscriber*, the name of the patient, and other necessary information related to the coverage.

Care Coordination. The *plan* pays *participating providers* in various ways to provide covered services to you. For example, sometimes payment to *participating providers* may be a separate amount for each covered service they provide. The *plan* may also pay them one amount for all covered services related to treatment of a medical condition. Other times, the payment may be a periodic, fixed pre-determined amount to cover the costs of covered services. In addition, *participating provider* payments may be financial incentives or other amounts to help improve quality of care and/or promote the delivery of health care services in a cost-efficient manner, or compensate *participating providers* for coordination of your care. In some instances, *participating providers* may be required to make payment to the *plan* because they did not meet certain standards. You do not share in any payments made by *participating providers* to the *plan* under these programs.

Right of Recovery. Whenever payment has been made in error, the *claims administrator* will have the right to make appropriate adjustment to claims, recover such payment from you or, if applicable, the provider, in accordance with applicable laws and regulations. In the event the *claims administrator* recovers a payment made in error from the provider, except in cases of fraud or misrepresentation on the part of the provider, they will only recover such payment from the provider within 365 days of the date the payment was made on a claim submitted by the provider. The *claims administrator* reserves the right to deduct or offset any amounts paid in error from any pending or future claim.

Under certain circumstances, if the *claims administrator* pays your healthcare provider amounts that are your responsibility, such as deductibles, co-payments or co-insurance, they may collect such amounts directly from you. You agree that the *claims administrator* has the right to recover such amounts from you.

The *claims administrator* has oversight responsibility for compliance with provider and vendor and subcontractor contracts. The *claims administrator* may enter into a settlement or compromise regarding enforcement of these contracts and may retain any recoveries made from a provider, vendor, or subcontractor resulting from these audits if the return of the overpayment is not feasible.

The *claims administrator* has established recovery policies to determine which recoveries are to be pursued, when to incur costs and expenses, and whether to settle or compromise recovery amounts. The *claims administrator* will not pursue recoveries for overpayments if the cost of collection exceeds the overpayment amount. The *claims administrator*

may not provide you with notice of overpayments made by them or you if the recovery method makes providing such notice administratively burdensome.

Plan Administrator - COBRA and ERISA. In no event will the *claims administrator* be plan administrator for the purposes of compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) or the Employee Retirement Income Security Act (ERISA). The term "plan administrator" refers to CITY NATIONAL BANK. The *plan administrator* is responsible for satisfaction of notice, disclosure and other obligations of administrators under ERISA.

Workers' Compensation Insurance. The *plan* does not affect any requirement for coverage by workers' compensation insurance. It also does not replace that insurance.

Prepayment Fees. The *plan administrator* may require that you contribute all or part of the costs of these required monthly contributions. Please consult your *plan administrator* for details.

Liability to Pay Providers. In the event that the *plan* does not pay a provider who has provided benefits to you, you will be required to pay that provider any amounts not paid to them by the *plan*.

Renewal Provisions. The *plan* is subject to renewal at certain intervals. The required monthly contribution or other terms of the *plan* may be changed from time to time.

Financial Arrangements with Providers. The *claims administrator* or an affiliate has contracts with certain health care providers and suppliers (hereafter referred to together as "Providers") for the provision of and payment for health care services rendered to its members and *members* entitled to health care benefits under individual certificates and group policies or contracts to which *claims administrator* or an affiliate is a party, including all persons covered under the *plan*.

Under the above-referenced contracts between Providers and *claims administrator* or an affiliate, the negotiated rates paid for certain medical services provided to persons covered under the *plan* may differ from the rates paid for persons covered by other types of products or programs offered by the *claims administrator* or an affiliate for the same medical services. In negotiating the terms of the *plan*, the *plan administrator* was aware that the *claims administrator* or its affiliates offer several types of products and programs. The members, *members* and *plan administrator* are entitled to receive the benefits of only those discounts, payments, settlements, incentives, adjustments and/or allowances specifically set forth in the *plan*.

Continuity of Care after Termination of Provider: Subject to the terms and conditions set forth below, benefits will be provided at the *participating provider* level for covered services (subject to applicable copayments, coinsurance, deductibles and other terms) received from a provider at the time the provider's contract is terminated by a Blue Cross or Blue Shield plan (unless the provider's contract is terminated for reasons of medical disciplinary cause or reason, fraud, or other criminal activity). This does not apply to a provider who voluntarily terminates his or her contract.

You must be under the care of the *participating provider* at the time the provider's contract terminates. The terminated provider must agree in writing to provide services to you in accordance with the terms and conditions of his or her agreement with the Blue Cross or Blue Shield plan prior to termination. The provider must also agree in writing to accept the terms and reimbursement rates under his or her agreement with the Blue Cross or Blue Shield plan prior to termination. If the provider does not agree with these contractual terms and conditions, the provider's services will not be continued beyond the contract termination date.

Benefits for the completion of covered services by a terminated provider will be provided only for the following conditions:

1. An acute condition. An acute condition is a medical condition that involves a sudden onset of symptoms due to an illness, injury, or other medical problem that requires prompt medical attention and that has a limited duration. Completion of covered services shall be provided for the duration of the acute condition.
2. A serious chronic condition. A serious chronic condition is a medical condition caused by a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of covered services shall be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another provider, as determined by the *claims administrator* in consultation with you and the terminated provider and consistent with good professional practice. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
3. A pregnancy. A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of covered services shall be provided for the duration of the pregnancy.

4. A terminal illness. A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one (1) year or less. Completion of covered services shall be provided for the duration of the terminal illness.
5. The care of a newborn *child* between birth and age thirty-six (36) months. Completion of covered services shall not exceed twelve (12) months from the date the provider's contract terminates.
6. Performance of a surgery or other procedure that the *claims administrator* has authorized as part of a documented course of treatment and that has been recommended and documented by the provider to occur within 180 days of the date the provider's contract terminates.

Please contact Member Services at the telephone number listed on your ID card to request continuity of care or to obtain a copy of the written policy. Eligibility is based on your clinical condition and is not determined by diagnostic classifications. Continuity of care does not provide coverage for services not otherwise covered under the *plan*.

You will be notified by telephone, and the provider by telephone and fax, as to whether or not your request for continuity of care is approved. If approved, you will be financially responsible only for applicable deductibles, coinsurance, and copayments under the *plan*. Financial arrangements with terminated providers are negotiated on a case-by-case basis. The terminated provider will be asked to agree to accept reimbursement and contractual requirements that apply to *participating providers*, including payment terms. If the terminated provider does not agree to accept the same reimbursement and contractual requirements, that provider's services will not be continued. If you disagree with the determination regarding continuity of care, you may file a complaint as described in the COMPLAINT NOTICE.

Voluntary Clinical Quality Programs. The claims administrator may offer additional opportunities to assist you in obtaining certain covered preventive or other care (e.g., well child check-ups or certain laboratory screening tests) that you have not received in the recommended timeframe. These opportunities are called voluntary clinical quality programs. They are designed to encourage you to get certain care when you need it and are separate from covered services under your plan. These programs are not guaranteed and could be discontinued at any time. The claims administrator will give you the choice and if you choose to participate in one of these programs, and obtain the recommended care within the program's timeframe, you may receive incentives such as gift cards or retailer coupons, which we encourage you to use for health and wellness related activities or items. Under other clinical quality programs, you may receive a home test kit that allows you to collect the

specimen for certain covered laboratory tests at home and mail it to the laboratory for processing. You may also be offered a home visit appointment to collect such specimens and complete biometric screenings. You may need to pay any cost shares that normally apply to such covered laboratory tests (e.g., those applicable to the laboratory processing fee) but will not need to pay for the home test kit or the home visit. If you have any questions about whether receipt of a gift card or retailer coupon results in taxable income to you, we recommend that you consult your tax advisor.

Voluntary Wellness Incentive Programs. The claims administrator may offer health or fitness related program options for purchase by the plan administrator to help you achieve your best health. These programs are not covered services under your plan, but are separate components, which are not guaranteed under this plan and could be discontinued at any time. If the plan administrator has selected one of these options to make available to all employees, you may receive incentives such as gift cards by participating in or completing such voluntary wellness promotion programs as health assessments, weight management or tobacco cessation coaching. Under other options the plan administrator may select, you may receive such incentives by achieving specified standards based on health factors under wellness programs that comply with applicable law. If you think you might be unable to meet the standard, you might qualify for an opportunity to earn the same reward by different means. You may contact the Member Services number on your ID card and the claims administrator will work with you (and, if you wish, your physician) to find a wellness program with the same reward that is right for you in light of your health status. If you receive a gift card as a wellness reward and use it for purposes other than for qualified medical expenses, this may result in taxable income to you. For additional guidance, please consult your tax advisor.

The review will be conducted by an appropriate reviewer who did not make the initial determination and who does not work for the person who made the initial determination. A voluntary second-level review will be conducted by an appropriate reviewer who did not make the initial determination or the first-level appeal determination and who does not work for the person who made the initial determination or first-level appeal determination.

If the denial was based in whole or in part on a medical judgment, including whether the treatment is experimental, investigational, or not *medically necessary*, the reviewer will consult with a health care professional who has the appropriate training and experience in the medical field involved in making the judgment. This health care professional will not be one who was consulted in making an earlier determination or who works for one who was consulted in making an earlier determination.

Notification of the Outcome of the Appeal

If you appeal a claim involving urgent/concurrent care, the *claims administrator* will notify you of the outcome of the appeal as soon as possible, but not later than 72 hours after receipt of your request for appeal.

If you appeal any other pre-service claim, the *claims administrator* will notify you of the outcome of the appeal within 30 days after receipt of your request for appeal.

If you appeal a post-service claim, the *claims administrator* will notify you of the outcome of the appeal within 60 days after receipt of your request for appeal.

Appeal Denial

- If your appeal is denied, that denial will be considered an adverse benefit determination. The notification from the *claims administrator* will include all of the information set forth in the above subsection entitled "Notice of Adverse Benefit Determination."

Voluntary Second Level Appeals

If you are dissatisfied with the *Plan's* mandatory first level appeal decision, a voluntary second level appeal may be available. If you would like to initiate a second level appeal, please write to the address listed above. Voluntary appeals must be submitted within 60 calendar days of the denial of the first level appeal. You are not required to complete a voluntary second level appeal prior to submitting a request for an independent External Review.

External Review

If the outcome of the mandatory first level appeal is adverse to you and it was based on medical judgment, you may be eligible for an independent External Review pursuant to federal law.

You must submit your request for External Review to the *claims administrator* within four (4) months of the notice of your final internal adverse determination.

A request for an External Review must be in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. You do not have to re-send the information that you submitted for internal appeal. However, you are encouraged to submit any additional information that you think is important for review.

For pre-service claims involving urgent/concurrent care, you may proceed with an Expedited External Review without filing an internal appeal or while simultaneously pursuing an expedited appeal through the *claims administrator's* internal appeal process. You or your authorized representative may request it orally or in writing. All necessary information, including the *claims administrator's* decision, can be sent between the *claims administrator* and you by telephone, facsimile or other similar method. To proceed with an Expedited External Review, you or your authorized representative must contact the *claims administrator* at the phone number listed on your ID card and provide at least the following information:

- the identity of the claimant;
- the date (s) of the medical service;
- the specific medical condition or symptom;
- the provider's name;
- the service or supply for which approval of benefits was sought; and
- any reasons why the appeal should be processed on a more expedited basis.

All other requests for External Review should be submitted in writing unless the *claims administrator* determines that it is not reasonable to require a written statement. Such requests should be submitted by you or your authorized representative to:

Anthem Blue Cross Life and Health Insurance Company
ATTN: Appeals
P.O. Box 54159, Los Angeles, CA 90054

You must include Your Member Identification Number when submitting an appeal.

This is not an additional step that you must take in order to fulfill your appeal procedure obligations described above. Your decision to seek External Review will not affect your rights to any other benefits under this health care *plan*. There is no charge for you to initiate an independent External Review. The External Review decision is final and binding on all parties except for any relief available through applicable state laws or ERISA (if applicable).

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the *Plan's* final decision on the claim or other request for benefits. If the *Plan* decides an appeal is untimely, the *Plan's* latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the *Plan's* internal Appeals Procedure but not including any voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the *Plan*.

If your health benefit *plan* is sponsored by your employer and subject to the Employee Retirement Income Security Act of 1974 (ERISA) and your appeal as described above results in an adverse benefit determination, you have a right to bring a civil action under Section 502(a) of ERISA.

The *claims administrator* reserves the right to modify the policies, procedures and timeframes in this section upon further clarification from Department of Health and Human Services and Department of Labor.
